

An aerial photograph showing a wide expanse of floodwater that has inundated a rural landscape. The water is a murky brown color, and it has surrounded and partially submerged numerous green trees and patches of land. In the background, there are fields and some distant buildings under a grey, overcast sky.

Flood drop-in events: Communities in the River Ivel catchment and surrounding areas

Langford Village Hall
Wed 22 January
3.30 to 6.30pm

Shefford Town
